We just bought 2 brownies for \$9.84.

That's because we had just finished 2 fish sandwiches for \$37.41 and wanted a cheap dessert.

Ha Ha. Welcome to Aspen.

The drive here was wonderful:

I know you're hoping we're here to hang out with Tom Cruise and Jessica Biel. The other possibility is that we're here to hike up to the Maroon Bells. Find out which one it is tomorrow\* .

D&S

\*Hint: I have no clue who Jessica Biel is.
