Postcard

Woke up to a dark, cold morning. Wet. Wind howling. Canceled hike. Canceled hotels. Drove 500 miles including 100 miles of sleet to get here.

You ask where is "here"? Valentine Nebraska, my friends. Sheila said people will send valentine cards here for professional mailers to resend, just to get the postmark. We are at the Trade Winds Motel. One story. Park in front of your door. Free HBO. Scully and Mulder carved their initials in our desk. Can't wait to leave.

Home tomorrow.

God bless.
